

# Fancy Man

Devendra Banhart

I heard there's a brand new zoo in Thailand  
So I hitch hike on a private flight and got their man fast  
I've greased every palm from A to Z  
A mister wanna date with me  
I know what I've got to do, and I'll do it

From the day I was born  
Always been a second slow  
I come from a long land of people  
Who never waited in life  
I've got a dumb dance inside my pants man  
Have watched all the latest shows on Bing Bong  
I rode a gift horse into town  
Free subscriptions all around  
You look like you could use a night in heaven

We're so in love  
Everywhere we go it's walking underwater  
Suddenly I'll be playing  
All the tears are music to my ears

'Cause I'm a fancy man  
Fancy man  
I'm a fancy man  
Fancy man  
Fancy man

I looked into my eyes and I saw order  
An endless row of flowers along the border  
It's no ordinary tragedy  
Where the credits roll on the top of me  
First I'm going to do it, then I do it

'Cause love's the yes  
Within the yes  
And everyone's walking underwater  
Oh and the fire was [?] with fists  
And maybe [?]

'Cause I'm a fancy man  
Fancy man  
I'm a fancy man  
Fancy man  
Fancy man

Sometimes I get to think  
Is this fancy thing?  
Is this a fancy thought?  
I'm pretty sure it's not
