

## Meet Me at Lookout Point

Devendra Banhart

Before the song  
Made the world we know  
Before kingdom come  
A story was told  
To not forget  
Or get caught in the wind  
A candle was lit  
That your father is in

From lookout point  
Valley below  
The sun up on high  
The moon down on low

I know  
My heart will find  
I know  
My heart will find you

I know  
My heart will find  
I know  
My heart will find you

We're drawn into  
The headless who knows  
A new name for you  
That nobody knows

I know  
Your heart is here  
I know  
Your heart is hearing

I know  
Your heart is here  
I know  
Your heart is hearing
