

Mourner's Dance

Devendra Banhart

The early writings show the sequence of the dance
The individual will awake (?)
I looked into the rule
And saw the dance resume
Between the origin
Between the (?)

Learn to identify the (?) in plain view
It will consume you (?) when the dance is through
There is no review, there's only ever you
There is no review, there's only ever you
I looked into the verse
And saw the dance disperse
Between the images
Between the lines

Only the truth decides (?)
It must be understood before it can be learned
The party zone ever in the dance
The party zone ever in the dance

The mourner's dance begins
When we remember them
The mourner's dance's through
When we remember you

We remember you
We remember you
We remember you
We remember you
We remember you
We remember you
We remember you
We remember you
We remember you
