

Above It All

DevilDriver

From the womb to the tomb forever faded! Took you so many years
To get jaded! Used to hang on every word until you made it, To
ld everyone you hated it?! Used to drive by the house to see th
e lights on, Breaking bottles all night so we could bond.

If I Told What I knew You'd be DEAD By the shit that I hold on
you I took you into my house And let you in, Like family, Just
like a friend! Thought I knew you And even more Till I saw your
face Then I wanted no more! I was dreaming out loud, My head u
p in the clouds, I was Faded and so proud, Oblivious to what wo
uld come to be! I'm just above it all It's where you'll find me
I'm just above it all, It's where you'll see me I'm just above
it all It's where your gonna find me I'm just above it all, Th
at's where you'll find me, So fucking faded! Gave you everythin
g, Showed you the signs, Trusted your opinion, Together we drew
lines! Crisis of character Turned competitor, Even after all w
e've been through!? I heard the rumors that you Were going arou
nd Running your mouth from town to town, You aint even brought
a tear, To these eyes

So I swear its goodbye, I'm just above it all It's where you'll
find me I'm just above it all, It's where you'll see me I'm ju
st above it all It's where you're gonna find me I'm just above
it all, That's where you'll find me, so fucking faded! You ...loo
k A little worried? Cause you know that I know Where the bodies
are buried! You ...look A little worried! Cause you know that I
know Where those bodies are buried! I'm just above it all It's
where you'll find me I'm just above it all, It's where you'll s
ee me I'm just above it all It's where you're gonna find me I'm
just above it all, That's where you'll find me, so fucking fad
ed!
