## Bring the Fight (To the Floor)

## DevilDriver

Torrid tales from the rats, They're filled with disgust I'm closer to closure now than I've ever been It's so honestly honest just who's my friend And who's riding the coattails 'til the end Sure as shit There's nothing that will change me There's nothing sure as shit Now there's no quick fix You're broke, no quick fix You're broke, no price for power Bring the fight Bring the fight To the floor No price for power Bring the fight Bring the fight To the floor No price for power I'm pushed to the limit, in my heart I've got malice Cultivated in Cali... And wasted in wonderland Better the devil you know, Than the one you don't You can not trust Another and you know you won't Sure as shit There's nothing that will change me There's nothing sure as shit Now there's no quick fix You're broke, no quick fix You're broke, no price for power Bring the fight Bring the fight To the floor No price for power Bring the fight Bring the fight To the floor No price for power Annihilate to obliterate Step fucking in And redeem your fate...

Shot to the center of everything Welcome to the new world!
