

## Evil on Swift Wings

DevilDriver

It boils down to  
That I'm bored to tears  
Bottom line is it ends right here!  
Shot yourself  
Cried short changed save your breath  
So say what you will  
Scrape the bottom  
I've had my fill!  
You've sold out  
Sent packing  
By yourself!

Entry  
Into the empty  
I have a tongue  
Like a machete  
So be ready!

I am  
Evil on swift wings  
That comes to punish all things  
A whisper in a windstorm!

Soul's mine  
'Cause you're so sick  
You're sold down the river of Styx  
Shot out  
And shut down  
Just a total let down  
Blood boils  
Bored to tears  
Bottom line is it ends right here!

Exit  
Into the empty  
I have a tongue  
Like a machete  
So be ready!

I am  
Evil on swift wings  
That comes to punish all things  
A whisper in a windstorm!  
I am  
Evil on swift wings  
Echoes in the trees  
Voices in the leaves  
That carry!

Got swept up  
God knows now  
Got swept up and taken  
I'm good as polished gold

For every reason  
There's a season  
Face up to the facts

4 by 2  
I'm leaving you  
Foul play  
No longer fair play  
It's just a reality  
4 by 2  
I'm leaving you  
Face up to the facts  
There's no last minute turning back  
Figure the flag is down  
And you're not  
Holier than thou!

I am  
Evil on swift wings  
That comes to punish all things  
A whisper in a windstorm!  
I am  
Evil on swift wings  
Echoes in the trees  
Voices in the leaves  
That carry!

I... am EVIL!  
On swift wings, on swift wings!  
I am EVIL!

You better face up to the fucking facts  
There's no last minute turning back  
Figure this fucking flag is down  
You better face the facts  
Evil on swift wings
