Forgiveness is a Six Gun

DevilDriver

33rd degree, on the corner of Quit street and Temptation Avenue On the road to redemption, outside of heaven Pride can be dangerous and you knew Method of Execution, length of duration At what cost?

Forgiveness is a six gun, teach me how to shoot
The truth is like a moving target, forgiveness is a six gun

The streets from the start, have been filled with doubt And they are set free, you needed someone to carry you Fighting and counting the days, the error of your ways Methods of execution, length of duration, at what cost?

Forgiveness is a six gun, teach me how to shoot
The truth is like a moving target, forgiveness is a six gun

In cold blood, dressed in black
Tombstones and tumbleweeds
Left the dead behind, watched em falling
Let Smith and Wesson do the motherfucking talking

Dust in my eyes, dust in the street, shotguns and broken dreams Now we left the dead behind, watched em falling Let the Smith and Wesson do the motherfucking talking

Now!

Forgiveness is a six gun, teach me how to shoot The truth is like a moving target, forgiveness is a six gun There is no forgiveness (4x)
