

# I Dreamed I Died

DevilDriver

Destroy all or nothing

I dreamed I died, ended up at the gates of Heaven  
Greeted by a man Saint someone, said how's the  
ride son?  
It's been alright, at times a little rough, why am I here?  
You did alright, lived a little dark and that's alright

'Cause we made the darkside and the rightside is to have no fear, no fear

My whole life flashed in front of me  
I saw  
everything that I was and what I had done  
Even let me look back on some good times for a little fun  
Yes, a little fun  
And  
then I heard damn boy you done good  
Did the every little thing that you could  
And then I heard damn boy you done good  
Damn  
good

When you hear the call, bury them all  
Destroy all or nothing  
When I hear the call, I will bury them all  
I will  
destroy all or nothing  
When the sky opened up and the clouds parted clear  
There wasn't any doubt to why I was here  
And I  
knew I'd done a good job, the best job that I could do  
So now it was time to move on, to get on, to get back  
To the question  
of why I was here and what I had learned, no fear  
My whole life flashed in front of me  
I saw everything that I was and what I  
had done  
Even let me look back on some good times for a little fun  
Yes, a little fun  
And then I heard damn boy you done  
good  
Did every little thing that you could  
And then I heard damn boy you done good  
Damn good  
When you hear the call, bury  
them all  
Destroy all or nothing  
When I hear the call, I will bury them all  
I will destroy all or nothing

My whole life  
flashed in front of my eyes  
Goddamn, wake up, bad dream, bad dream  
When you hear the call, bury them all  
Destroy all or  
nothing  
When I hear the call, I will bury them all

I will destroy all or nothing
