

Nothing's Wrong?

DevilDriver

There's nothing wrong
With what you do and what you say
There's nothing wrong
Pure will will get you through

Why can't you see you're in my way?
Your ways are killing you

Do what thou wilt
Shall be the whole of the law
Do what thou wilt

All they understand is the claw
Why can't you see you're in my way?
Your ways are killing you
Your ways are killing me
Killing me
Killing you

So go fuck yourself anyway
Keep this hunger

There's nothing wrong
With how I live my life today
There's nothing wrong
So go fuck yourself anyway

Why can't you see you're in my way?
