

## Nothing's Wrong?

DevilDriver

There's nothing wrong  
With what you do and what you say  
There's nothing wrong  
Pure will will get you through

Why can't you see you're in my way?  
Your ways are killing you

Do what thou wilt  
Shall be the whole of the law  
Do what thou wilt

All they understand is the claw  
Why can't you see you're in my way?  
Your ways are killing you  
Your ways are killing me  
Killing me  
Killing you

So go fuck yourself anyway  
Keep this hunger

There's nothing wrong  
With how I live my life today  
There's nothing wrong  
So go fuck yourself anyway

Why can't you see you're in my way?
