I (sniff)) smoked it (sniff) I took my stellcutter, cut it and smoked it and guess how I fel t. Very good, I took some for myself Back to my spaceship, I gave some it my family They say, "(Sniff, ahh) what you call this?" weed... My name is Zeldar, I'm from planet Beldar, my leader is Zeldar and we shop at Walmart" (Stuttering... ahhh) I have kids I don't give them none of the green leafy stuff that I found in the field Cause it might do them harm, but I'm old enough So I cough and I puff on the Green leafy stuff I found in the field... yeah I call it kill "What'd you say your name was?"
