## **Grace**

## **Devin Townsend Project**

```
We know that it's only human
We know that it's only love
We know that its far too close to home
To see it now
Love all we can before
We learn all we came for
Learn all we can before
The road leads to home
Grace, grace, grace, grace
High road warning
High road warning
Grace, grace, grace, grace
High road warning
High road warning
Laugh, love, live, learn
Laugh, love, live, learn
Eternal I, eternal I, eternal I, I, I, I
My child tells me
We are the fallen men
My child tells me
We are the fallen men
Laugh, love, live, learn
Laugh, love, live, learn
Oh my god
Grace, grace, grace, grace
Never fear love
(High)
Never fear love
(Road)
Never fear love
(Warning)
Never fear love
(High)
Never fear love
(Road)
Never fear love
(Warning)
We know that it's only human
We know that it's only love
Love, love, love, love, love, love
Love all we can
```

I know the way and you know the way

Never fear love Never fear love Never fear love (Warning)

Never fear love Never fear love Never fear love (Warning)
