

Bad Devil

Devin Townsend

I wanna know what you all
Had for dinner
I wanna watch the rodeo
I wanna big city boy
Be a man, not a boy
I'm gonna meet you on down
Beside the bayou

I wanna be in your little friend
I wanna live in your underpants
I wanna big city boy
Be a man, not a boy
I'm gonna meet you on down beside the bayou

And we'll see how it feels when it's over
And we'll see how it feels when I'm older
'Cause it's all just a waste of time
So enjoy what's on my mind
(Someone should have said)

Train won't stop
Never gonna stop
And it's coming back to carry me back home
Leave me alone
With no where to go
And ride that wind back home...

Bad devil
Bad double-decker devil

Cry for me ba
Lie for me ba
Lay down before me ba
And ride that wind back home

Bad devil
And I've seen how I'll feel when it's over
And I've seen how I'll feel when I'm older
And it's not just a waste of time
So enjoy what's on my mind
