

Deadhead

Devin Townsend

You are a sun Goddess

Will you save me?

Hooray for you.

Hooray.

Now the rain it comes, the rain it blurs the grey line

...the grey line...the Greyhound home

You are so vicious (Hurt me, I can take it)

Cause it's all in the heat of the moment,

It's all in the pain

Sonar, sonar again...

It's on again, (got no wings...gossamer wings...) ...on again..

.

You are a sun Goddess!!!

Will you save me? ...babe...babe...babe...

Cause it's all in the heat of the moment

It's all in the pain!!!

So give in to the heat of the moment

Give in to the pain!!!
