

Forever

Devin Townsend

Dreams of pain, never wanna know
Everybody talks and you're on your own
Would you be OK if you're left alone forever?

But it ain't no way for a boy to grow
You'll never take a break when you're on a roll
And all that time you'll never know forever

In this life we've grown a little
In this life we've lived a little
So they say

...so they say

So on that way that you've gotta go
Your eyes were always on the door
And everybody thought that you'd won the war...

In this life I've grown a little
In this life I've lived a little

So they say...

God I love you
I won't let you down,
God I love you

Goodbye.
