

Where We Belong

Devin Townsend

Come away...
Soon we will come away
Hearts grow fonder
I know what it's there for, I know what it's worth!

I know what it's there for,
I know what it's worth!

Soon we will belong
Summer's coming, now we're coming
Back where we belong
Soon she's coming back where we belong

Come away...
Soon we will come away
Hearts drive on...
I know what it's there for (soothe me carefully)
I know what it's worth!

Soon we will belong
Summer's coming, now we're coming
Back where we belong
Soon she's coming, back where we belong

Soon we will be strong
Summer's coming, now she's coming
Back where we belong
Soon we're coming back where we...
Back where we belong!
Oh, back where we belong.
