

I'm envious of your I.Q. of 37  
You, you're the one  
It's written all over your face  
You, you're the one  
I'd like to take your place

I'm envious of your I.Q. of 37  
Your lack of brains just drives me crazy  
It's the only way to get by and be lazy  
You, you're the one  
It's written all over your face

You, you're so dumb  
I'd like to take your place  
I'm envious of your I.Q. of 37  
From where I come it's the dumber the better  
No one likes a really go getter
