

Chango

Devo

Chango!
Chango!
The bear
I come up the river
Like beat man
I come up the river
Like skoke man fly
I come up the river
To kill many people
I come up the river
With laser gun
Dear uncle, dear uncle, dear uncle
Dear uncle, dear uncle
Your son just had intercourse
With baggy breast
Your son just had intercourse
With death debbie
My mommy didn't hold me when I was young
She didn't give me breast
And went insane
My mommy didn't hold me when I was young
She didn't give me breast
And went insane
