

Social Fools

Devo

You obey society's rules
You will be society's fools
You obey and then disobey
You disobey but then you'll obey

You thought your mom and dad were fools
You never wanted to listen in school
Now your mind won't go where you want to take it
You got a ride but you're not gonna make it

You'll never catch up
Dad, pass the catsup
Clean that mess up, 'fess up, listen up

If you obey society's fools
You'll be society's tools
And you'll obey and then disobey
You'll disobey but then you'll obey

You thought your mom and dad were queer
You always wanted egg in your beer
Now your dog won't go when you try to make it
He's got a bone but he's not gonna shake it

If you take society's tools
You will make society's rules
Which you'll obey and then disobey
You'll disobey but then you'll obey

You thought your mom and dad were fools
You never wanted to listen in school
Now your mind won't go where you want to take it
You got a ride but you're not gonna make it

You'll never catch up
Dad, pass the catsup

That's all for now
That's all we know
This is the end
