

U Got Me Bugged

Devo

Ever since you came around
Wiggling under my skin
I've been stuck in the lost 'n found
Feeling just like a helpless pin

You got me bug, bug, bug, bug, bugged
Girl, I don't know what to do
You got me bug, bug, bug, bug, bugged

You fluttered on down
As graceful as can be
Then you stuck in your needle
And sucked my blood
It was the love-age that came over me

You got me bug, bug, bug, bug, bugged
Girl, I don't know what to do
You got me bug, bug, bug, bug, bugged
I'm always bugged over you
[alternate version:] Girl, I'm up and down over you)

Now I'm hopelessly entangled
In the web of love you dangled
Helpless like a worm
You watch me twist and squirm
Your love has left me strangled

You got me bug, bug, bug, bug, bugged
Girl, I don't know what to do
You got me bug, bug, bug, bug, bugged
Girl, I'm all bugged-out over you
You got me bug, bug, bug, bug, bugged

Now I'm hopelessly entangled
In the web of love you dangled
Should have trusted sick fear
Now you sucked out all my blood
Your love has left me strangled

You got me bug, bug, bug, bug, bugged
