

Head Honcho

DeVotchKa

Hit them where hurts
Listen for what it's worth
Hi them where it hurts
They only care
what is it worth?
It was a long long time ago
You found me naked
by the side of the road
You picked me up out of that hole
mouth to mouth and
soul to soul

La luz de cada dia
Te siento conmigo!

I swear it's love
it's love that we are dyin gof
it's true
you'll know it's true
when it breaks your heart in two
has it always sounded like this?
My name upon your lips
has it always taken so long?
to get to this part of the song

La luz de cada dia
Te siento conmigo
