Check Your Head

Devour The Day

Are you satisfied with your life Have you made the most out of your time You've forgotten how to survive When the reaper comes calling Are you gonna burn or fly?

Check your head before you wreck yourself You're not dead yet no, but I can tell Ch-ch-ch-check your head

Are you terrified of your life Have you kept your best tied up inside Burn your worth and swallow your pride When the reaper comes calling Are you gonna burn... Are you gonna burn or fly?

Check your head before you wreck yourself You're not dead yet no, but I can tell Ch-ch-ch-check your head

Check your head! Check your head! Check your head! Check your head!

Check your head before you wreck yourself You're not dead yet no, but I can tell Ch-ch-ch-check your head
