

# Incitement To Mass Murder

## Devourment

Swarming mass of mindless humans spawning rancor  
Scathing hatred festers swelling society imploding

Hatred pushed beyond the boundaries, explosion is upon us  
War mass suicide, ingredients to push existence to a close

Human liquidation forced through hand to hand extermination

One by one the lives are driven with a violent predication

Loss of all once pure, lost within greed's lure  
Pain becomes the cure, Pain consumes your  
Soul  
Death consumes your  
Soul  
God forgoes your  
Soul  
Hell within your  
Soul  
Death incitement

The falling of wisdom, raped of all existence, the gates of hell open  
To kill without consciousness, the weak to be relinquished, violently extinguished

Victims fall to massive torment  
Flesh is scalded bones exposing  
Faces with their features missing  
Saw their gruesome fate as they died  
Bound to pain their bodies mangled

Loss of all that was once pure  
Pain dealt to the weak and feeble  
Life has fallen, hell's incitement  
Murder to end the world of men
