

# Serial Cocksucker

## Devourment

Whores that suck dick for money  
I will kill with no forgiveness  
They need to be taught a lesson  
In butchery

I will leave them dead and bleeding  
After giving them a beating  
With my hammer I will smash the teeth  
Out of their fucking face

These cocksuckers will pay the price when  
I fuck their faces with my knife  
I will force my blade down their throats  
As if it were my massive dick

The streets are filled with dirty whores  
I'll show them what that pussy's for  
They'll be forced to drink the swill  
That spews from my erection

You sluts I'll show you all the way to everlasting pain and to  
rture  
To take your lives is why I live, for your crimes you'll be bu  
tchered  
You'll be forced to suffer through torture, you dead cum dumps  
ter bitches  
I'll kill you all then throw your slaughtered asses in the dit  
ches

I need a prostitute to fill with my diseased liquid  
Stalking the dark street corners I find a cunt that lives to s  
uck the dick

I'll kill that dirty bitch

I force that pig into my van and then I proceed to beat her  
Blood spurts forth from every wound and splatters on me  
With my knife I must sever her head and take it with me  
She will now be forced to suck the cock  
When  
I  
Fell the urge

Dead hookers fill my crawlspace, all of them decapitated  
They have all gotten what they deserved, every single head I've  
e masturbated  
I won't stop until I have killed every slut walking the street  
s

They will be punished for their ways, forever to suck dicks in  
hell
