

# Reprisal

Dew-Scented

No remorse, no tolerance  
I felt you spit on my back  
The time has come to take revenge  
And put an end to this fraud

I can take no more excuses  
I saw you lie in my face  
I'm here to get you a rightful payback  
Full-on reprisal at last

Watch out  
I show no mercy  
I just reject this pain  
I won't step back no more  
Reprisal

Here it comes  
Reprisal

I feed on anger  
No more regrets  
Get your shit out of my fuckin' way

I feel the rage  
The taste of fist  
Here it comes my violent reprisal

Watch out  
I show no mercy  
I just reject this pain  
I won't step back no more  
There is no hiding  
Reprisal  
I bet you won't forget this
