

# Ghosts (Voices In My Head)

Dexter Freebish

Yesterday I bought a gun  
To kill the ghosts I'm runnin' from  
And oh yeah, I'm still runnin'  
Looking down a dead end street  
I feel like someone's watching me  
And oh yeah, I'm still lookin'

When I'm playing in the rain  
The rain will wash my pain away and it makes my life a holiday

I can't escape  
Please rescue me  
I'm running from (the voices in my head)  
I cannot sleep  
Is it a dream I'm running from (the voices in my head)  
I'm in between  
Realities  
I'm running from (the voices in my head)

Can't stop the voices in my mind  
They're getting louder all the time  
Well I guess, I'll just sing louder  
I'd rather be in outer space  
You know I just can't stand this place  
And this time I'll go farther

When I'm dancing with the sun  
The sun will light the way home and it makes my life a holiday

I can't escape  
Please rescue me  
I'm running from (the voices in my head)  
I cannot sleep  
Is it a dream I'm running from (the voices in my head)  
I'm in between  
Realities  
I'm running from (the voices in my head)

Got to get away, got to get away, got to get away from myself today  
Got to get away, got to get away, got to get away from myself today  
Got to get away, got to get away, got to get away from myself today

Yesterday I bought a gun

I can't escape  
Please rescue me  
I'm running from (the voices in my head)  
I cannot sleep  
Is it a dream I'm running from (the voices in my head)  
I'm in between  
Realities  
I'm running from (the voices in my head)
