

## Leaving Town

Dexter Freebish

Oh your reputation is so golden  
your never lonely and your never home  
I know you've been talking about leaving  
you've lost all your feelings for this town.  
Paint your nails and put your lipstick  
you don't want to miss your ticket out.  
Just because you graduate from school  
so high in the gene pool that's point of view.

But when your broke and down and no one else is around  
You'll come running back to this town and  
I'll be there, yeah I'll be there.

Cause I remember how we shared time together  
and how you used to say that the stars are forever.  
And dreamed about how to make your life better by  
leaving town, leaving town.

Pack your bags, your smokes in your pocket  
Your wearing my locket around your neck  
Take your drag and wait for the Greyhound  
the world is your playground and you want to win.

But when your broke and down and no one else is around.  
You'll come running back to this town and  
I'll be there, yeah I'll be there.

Cause I remember how we shared time and  
how you used to say that the stars are forever.  
And dreamed about how to make your life better by  
leaving town, leaving town.

Nothing in life will ever come that easy.  
Doesn't mean it has to be that hard.  
I know you will find out who you are  
But when your broke and down and no one else is around.  
You'll come running back to this town and  
I'll be there, yeah I'll be there.

Cause I remember how we shared time together  
and how you used to say that the stars are forever.  
And dreamed about how to make your life better by  
leaving town, leaving town.  
Yeah I remember how we shared time together and  
how you used to say that the stars are forever.  
And dreamed about how to make your life better by  
leaving town, leaving town.  
Your leaving town, yeah
