

## All In All (This One Last Wild Waltz)

Dexys Midnight Runners

Oh, what's the matter?  
I said, I said oh no, it's no better  
I've been thinking it out and it still gets no better  
I'm here singing this out and these thoughts get no fresher

All in all I'd say things have turned out good  
You still don't smile at me but then I never thought you would  
You don't waste time on praise, do you sir?  
But you should be proud to be sure

No sir, it's still no better  
Oh sir, I thought you meant better  
Your experience will teach me no more lessons  
From lower down you just seemed so much better

All in all I'd say things have turned out good  
You still don't smile at me but then I never thought you would  
You don't waste time on praise, when you could  
Or just tell me anything good

Oh no, look it's still no better  
I said, I said, oh no these thought are no fresher  
You see tenderness is the asset here lacking  
But won't you join me in this one last wild waltz  
Just once again in the one last wild waltz  
Once again in the one last wild waltz  
Once again in the one last wild waltz

Anduici tu mu san damsa fion  
Anduici tu mu san damsa fion  
Round and round, and round and round  
Round and round, and round and round  
Anduici tu mu san damsa fion  
Anduici tu mu san damsa fion
