

Because Of You

Dexys Midnight Runners

Because of you, these things I do.
Because of you, because of you.
because of you, because of you.
You love nature (you love nature)
You love nature (you love nature)
You love nature don't you?
Anything you want me to do,
bay I'd do it to you,
anything personal i can do
I'll do it for you,
Anything I can do you gotta see this through.
You love nature (you love nature)
You Love nature (you love nature)
You love nature don't you?
Your alright with me
you just need a little company
Your alright with me
You love nature (you love nature)
You love nature (you love nature)
You love nature don't you?
