Nobody tells you, you end up knowing Bad habits, you should sleep alone Open to suggestions, is that the way you feel?

'Coz you're the voice of experience, every word you choose Sweet stolen info' you must never lose You're so secure in your habitat familiar

But you won't want from me
There's nothing else to see
Try smoking your own and don't look at me

No need to explain it, just order dresses Bad habits you really shouldn't keep Quick nip next door to the vendor of charisma

Because the time, the place and the mood is right And good old Kevin will be all right Here comes, "His soul" get your pen and notebooks ready

But you won't look like me You'll never think like me Try smoking your own and don't follow me Singing it, singing it

'Coz you're the voice of experience, every word you choose Sweet stolen info' you must never lose So secure in your habitat familiar

But you won't want from me
There's nothing else to see
Try smoking your own and don't look at me

No need to explain it, just order dresses Bad habits, you should sleep alone Open to suggestions, is that the way you feel?
