he's here to take his brother down, Docs deed before he dies
he knows when they are gonna meet, he knows what he has to do
he's walkin down the empty street, got one more thing to do

Friends till the end, much more you understand?

behol the man from far away, as he's reaching for his gun
he's lucky on his dying day, this quickdraw game just won
he leans the man there on the tree, pulls his hat down over his
eyes

Friends till the end, it's more than a word an external hand
Friends till the end, much more you understand?
Friends till the end, an act of forgiveness to finalize
Friends till the end, straight between the eyes
