

# Hellbilly Square

Dezperadoz

My father had no time for me  
Drunk was all that he could be  
Used to beat my mama just to see  
If her blood is red and warm like me

I Gotta put him six feet down  
But I don't know where!

Now im old enough to know  
My youth is what made me stonecold  
That is all you need to know  
Why people realy hate me so

Dodge city is the town to be  
On horseback my wild bunch and me  
Playing cards drinkin whisky  
Till wyat came and stoped the heat

I Gotta put him six feet down  
But I don't know where!

Comon folks and dance with me  
The hellbillysquare

This wyat is an angry man  
The toughest marshal on this land  
The last guy who wanted to stand  
Found his cut off balls back in his hand

I Gotta put him six feet down  
But I don't know where!

Comon folks and dance with me  
The hellbillysquare

He made us leave our guns or go  
Dodge city ain't the same no more  
Last night when I was with a whore  
She said to me on thing's for sure

You ought to put him six feet down  
And you should know where!

You Gotta make Marhall earp  
dance the hellbillysquare

You ought to put him six feet down  
And you should know where!

You Gotta make Marhall earp  
dance the hellbillysquare
