

## Wild Times

Dezperadoz

Wild times until we die  
Wild times won't go by  
This golden ace of thunder will be mine

I see you be afraid  
Don't be charmed  
You better lock your door  
So be alarmed

There is no way to stop us now  
There is no way to hide  
We're ridin' straight into your town  
We're rollin' in for those

Wild times will be  
The best days left for me  
Wild times we rise  
We celebrate wild times

Booze and girls will kill us fast  
Can't get enough  
Forget the noisy past  
Times gettin' rough
