

## Brand New Blood

DGM

Searching your dreams  
It's all about yourself  
You can be the number one  
Sometimes you feel used  
And everything you need  
Is to be the only one

This is a part of us  
We can feel complete  
Now I know

You feel in love with  
You're breathing life again  
This brand new blood  
Can beat so strong  
And make me remember  
What I've done

Fighting to bring  
Peace inside your mind  
You will be the number one!  
Against my own tears  
Climbing his fears  
I can be the only one
