

## A Fear

Diablo

When I see the reconstruction of souls  
Evolution that is built on lies  
I just watch how they create  
This so called new form of life

"Should I glorify those who will  
lead the blind, and preach the words  
that they don't even know?"

And when I hear those twisted lies  
Just some seductive stories  
I wonder how you can be  
So anxious to swallow it

"Should I glorify those who will  
lead the blind, and preach the words  
that they don't even know?"

No... one cares for your soul  
No... one cares what you feel  
I don't see how you can survive  
In this cold atmosfear

As I watch your empty world  
Amplified by that spiritual void  
I can only close my eyes  
And pray for God to save your soul

"Should I glorify those who will  
lead the blind, and preach the words  
that they don't even know?"

No... one cares for your soul  
No... one cares what you feel  
I don't see how you can survive  
In this cold atmosfear
