

# Don't You Ever Leave Me

Diamond Head

Oh Babe  
I can recall the day  
Close enough to make me feel bad  
Seems like only yesterday  
Still in my heart it makes me sad

Oh no, oh no  
Don't you ever leave me baby  
Oh no, oh no  
Don't you ever leave me  
Oh no, oh no  
Don't you ever leave me baby  
Oh no, oh no  
Don't you ever leave me

I can remember that night I cried  
The love we had, you said you don't give me no more  
And as you kissed my lips goodbye  
I called out to you now to close the door

Oh no, oh no  
Don't you ever leave me baby  
Oh no, oh no  
Don't you ever leave me  
Oh no, oh no  
Don't you ever leave me baby  
Oh no, oh no  
Don't you ever leave me  
Don't you leave me baby  
Don't you leave me baby  
Don't you leave me baby  
Don't you leave me baby  
Don't you leave me baby  
Don't you leave me baby  
Don't you leave me baby
