

## Makin' Music

Diamond Head

One new heart, looking to learn it all from rock 'n' roll,  
so beat your drum from the start,  
it was clear we had a lot to learn our souls to be won.  
have we the faith for you for good and bad we're due.

One new song doing so much more than making friends  
it can make us proud  
now we know we can look around  
to find the rock, the stone of sound  
have we the faith for you for good and bad we're due.

I was fooled by what I do  
Makin' music  
Don't you see  
it ain't for me.  
It's for you  
it's for you.
