

## Sweet & Innocent

Diamond Head

You live it good girl  
And baby you live it high  
You reach it easily, makes me wanna cry  
You look so fine girl  
I suppose you always do  
So fine and so sweet  
It's good to look at you

Sweet and innocent  
And settled down  
Sweet and innocent  
I'll pass around, yeah

You and the fashion  
Baby you're as one  
It's not long before - it's much more than fun  
Yes it's taking chances, but they don't want to know  
And since your fine baby left you  
Don't know which way to go

Sweet and innocent  
And settled down  
Sweet and innocent  
I'll pass around, yeah

You live it good girl  
And baby you live it high  
You reach it easily, makes me wanna cry  
You take it good girl  
I don't know who will bring you down  
Who will bring you down

Sweet and innocent  
And settled down  
Sweet and innocent  
I'll pass around, yeah
