Completely

Diamond Rio

Completely, wanna give my love completely I'd rather be alone than be in love just half the way I want to find someone that I can trust Completely, wanna give my heart completely To someone who'll completely give their heart to only me And when I find that one That's when I'll fall in love Completely Not half but whole With heart and soul Completely Not in between But everything Completely That's the way it's gotta be The way I want someone to fall in love with me Forever wanna feel the word forever And know there'll be somebody there forever by my side And when that feeling comes That's when I'll give my love Completely Not half but whole With heart and soul Completely Not in between But everything Completely That's the way it's gotta be The way I want someone to fall in love with me It's all or nothing at all for this heart of mine And I won't give up this heart till the day I find Someone who needs me Completely Not half but whole With heart and soul Completely Not in between But everything Completely That's the way it's gotta be the way I want someone to fall in love with me The way I need someone to fall in love with me
