## I Believe

## **Diamond Rio**

Every now and then
Soft as breath upon my skin
I feel you, come back again
And it's like, you haven't been

Gone a moment from my side Like the tears were never cried Like the hands of time Were pulling you, and me

And with all my heart, I'm sure We're closer than we ever were I don't have to hear or see I've got all the proof I need

There are more than angels watching Over me.. I believe. ohh, I believe.

Now when you die, your life goes on It doesn't end here, when you're gone Every soul is filled with light It never ends, if I'm right

Our love can even reach, across-Eternity.. I believe.. ohh, I believe.

Forever, you're a part of me Forever, in the heart of me I will hold you even longer If I can..

Oh, the ppl who don't see the most See that I, believe in ghosts If that makes me crazy, then I am Cuz I believe.. ohh, I believe..

There are more than angels watching Over me.. I believe. ohh, I believe.

Every now and then
Soft as breath upon my skin
I feel you, come back again..
And I believe..
