

# Imagine That

Diamond Rio

What is the world comin' to when lovers can't believe  
They got a love comin' true then they up and leave  
They say they will when they won't  
They say I do and then they don't  
That ain't the way it's got to be with you and me

Imagine that, a love that lasts forever  
Imagine that, for all the world to see  
That two people stay together  
The way it ought to be, oh oh oh imagine that

I don't intend to change the world, I couldn't if I tried  
As long as I've got you with me girl, I'll be satisfied  
Let's do what we can, mean what we say  
Now we'll just take it day by day  
'Cause I want to prove to everyone that it can be done

Imagine that, a love that lasts forever  
Imagine that, for all the world to see  
That two people stay together  
The way it ought to be, oh oh oh imagine that

Do you believe in love enough to go the distance  
Do you believe in love enough to make a stand  
Do you believe enough to handle the resistance  
'Cause I believe we can

Imagine that, a love that lasts forever  
Imagine that, for all the world to see  
That two people stay together  
The way it ought to be, oh oh oh imagine that

Oh imagine that, imagine that  
Oh imagine that, oh imagine that, that
