

# That's What I Get For Loving You

Diamond Rio

I start every day with a smile on my face  
And the feel of a kiss on my lips  
When the world plays to rough I can find the healing touch  
Life's never been better than this

That's what I get for loving you  
Heaven's right here in my hands  
A dream that is real and a heart that beats true  
That's what I get for loving you

There was a time I walked outside the lines  
I only thought of myself  
Then you sat me down turned my head around  
Now, I put you before everything else

That's what I get for loving you  
Heaven's right here in my hands  
A dream that is real and a heart that beats true  
That's what I get for loving you

Love is a feeling I never knew much about  
Forever's a word I never said until now

That's what I get for loving you  
Heaven's right here in my hands  
A dream that is real and a heart that beats true  
That's what I get for loving you

That's what I get for loving you  
Heaven's right here in my hands  
A dream that is real and a heart that beats true  
That's what I get for loving you
