

# Dreams

DeGarmo, Diana

Dreams are just dreams  
When they're stuck inside your head  
And all it takes is a little help from you  
You know it's true  
That dreams are for real  
When you see what I see  
And you feel it too  
We took the longest road  
Just to make it harder  
Let's do it all again  
It only makes us stronger

[Chorus:]

Dreams  
I guess we're just made of dream  
Nothin' else matters  
As long as we believe  
I'm lookin' at you  
And I see my life  
Passing before my eyes  
And when the journey's over  
And all my dreams come true  
I'll dream of you

What do you see  
When you look inside your heart  
A little thought  
Can walk a thousand miles  
And change your life  
When dreams lead the way  
The impossible is suddenly in sight  
Every step you take  
Just brings it all together  
You gotta keep the faith  
When all seems lost forever

[Chorus]

You're the one  
That keeps my hope alive  
My vision clear  
I'll spend my life with you  
Conquer fear  
We'll make it through

Nothin' else matters  
As long as we believe  
I'm lookin' at you  
And I see my life  
Passing before my eyes  
And when the journey's over  
And all my dreams come true  
I'll dream of you  
I'll dream of you  
I'll dream of you
