

Love Triangle

Diana King

Mmm Hmm love triangle

Have you ever been in love with a man
Ever been in love with a man and another man

Where do I begin
Two people just friends
Feeling more and more but it's not where this love story ends
The situation's strong
But then another came along
Innocent enough but suddenly it all went wrong

Han pan mi jaw mia wonda
Weh mia guh duh when di 2 a dem discova
All dis time mi did hav anada lova
Between di 3 a we mi dida keep it undacova

Have you ever been in love with a man (love triangle)
Ever been in love with a man (and love another man)
Have you ever been in love with a man (love triangle)
Ever been in love with a man (and love another man)

I got so confused
I don't know what to do
My mind tells me to stay but my heart wants somebody new
I gotta do what's right
I can barely sleep at nights
When one speaks of love I see the other in his eyes

Mek up mi mind mi haffi mek up mi mind
Cyan't keep two even tho mi dida try
How it happen? People don't ask mi why
But mi hafi tell di truth an mi cyan't tell no lie

Have you ever been in love with a man (love triangle)
Ever been in love with a man (and love another man)
Have you ever been in love with a man (love triangle)
