Only the Lonely

Diana Krall

Each place I go only the lonely go Some little small cafe The songs I know only the lonely know Each melody recalls a love that used to be

The dreams I dream only the lonely dream Of lips as warm as May That hopeless scheme only the lonely scheme That seem somewhere you'll find a love that used to care

And you recall each fun time Those picnics in the park when love was new It well could be the one time A hopeless little dream like that comes true

If you find love hang on to each caress And never let love go For when it's gone you'll know the loneliness The heartbreak only the lonely know
