

# Is This What Feeling Gets?

Diana Ross

Feelin', Feelin'  
Swear to God, this is more than I can deal with  
Thinkin' back on that old song  
Where did I go wrong by caring and sharing?

Mean, together no matter I can't stand not knowing  
Is this what feeling gets a hope for happy endings?  
Alone and scared something I don't want to be  
What did he see when he looked inside of me?

If this is just a dream  
How come I feel like screaming?  
This is the real world  
Gotta do what you must, girl

Well, can I, can I?  
Is this what feeling gets?  
So is there a happy ending?

There's nothing here but the fear of, will I try?  
And can I stare it in the eye not ever knowing why?  
Please, please can someone tell me why?
