

## Mean to Me

Diana Ross

You're mean to me  
Why must you be mean to me  
Gee, honey it seems to me  
You love to see me crying

I don't know why I stay home  
Each night when you left all alone  
Singing the blues and crying

You treat me coldly  
Each day in the year  
You always scold me  
Whenever you're...  
Mean to...
