My Man

Diana Ross

It's caused me a lot But there's one thing that I got It's my man

Cold and wet Tied you bet All of that I'll soon forget With my man

He's not much for looks And no hero out of books But I love him

Two or three girls has he That he likes as well as me But I love him

I don't no why I should He isn't true He beats me to What can I do?

Oh my man, I love him so He'll never know All my life is just despair I don't care When he takes me in his arms The world is right, all right

What's the difference if I say I'll go away When I know I'll come back on my knees some day Whatever my man is I am his for ever more

What's the difference if I say I'll go away When I know I'll come back on my knees some day Whatever my man is I am his for ever more
