## The Feeling That We Have

## **Diana Ross**

Put your arms around me child Like when you bumped your shin Then you'll know I love you now As I loved you then

Though you maybe trying sometimes
And I'll need you
And you're not there
You know I may get mad
And turn away
But you know that I still care

But you cannot ask for more Than can come from me I am older than you are And one day you'll see

If I lose my patience with you
And I suddenly start to scream
It's only because I just want you to be
Everything that I see in my dreams

And I'd like to know it's there
The feeling that we have
When you know that you can come
Running to me
Whenever times are bad

Don't lose the feeling that we have Don't lose the feeling that we have

Though you are growing older now And I'm watching you grow I know I make you sad sometimes And I see your feeling show

But one day I'll look around And you will be grown You'll be out in the world Such a pretty girl You'll be on your own

And I'd like to know it's there The feeling that we have Knowing that you can come to me Whenever you are sad

And I'd like to know it's there
The feeling that we have
Don't lose the feeling that we have
Don't lose the feeling that we have
Don't lose the feeling that we have
