

# Touch By Touch

Diana Ross

I can tell by the look in your eyes  
That you like what you see  
I can tell by the touch of your hand  
That you've got what I need

Baby there's no hurry  
We've got no worries  
Let's take all night  
Give me sweet lovin'  
Come taste my honey  
Into the light

Touch by touch  
Your fingers do the talking  
I need to hear so much  
Touch by touch  
Now you're getting closer  
To what I want so much

I can tell by the woman in me  
You're the man that I need  
So much lovin' that comes from your heart  
That you give tenderly

Come take my hand  
I'll show you where  
Where you can lean  
Baby there's no hurry  
We've got no worries  
Make me believe

Touch by touch  
Your fingers do the talking  
I need to hear so much  
Touch by touch  
Chemical reaction  
Makes me give it up

Touch by touch  
And put your arms around me  
Baby wrap me up  
Touch by touch  
Now you're gettin' closer  
To what I want so much
